Dear Valued Customer,

Thank you for your interest in upgrading your Version 1 QBOT to Version 2! We hope you'll find the improvements a valued addition to your machine quilting experience.

Here are a few suggestions for shipping your QBOT to LiTen Up Technologies, Inc.:

1. If your QBOT has not been updated to Version 1.31, please do so prior to shipment. See www.myqbot.com for instructions.
2. When preparing your shipping documents, indicate that you are shipping it "Free Domicile."
3. Mark the package as follows:
Declaration of Contents - (1) QBOT sewing machine accessory valued at \$1800 USD (\$2000 Canadian Dollars). This QBOT is being returned for warranty repair and operational enhancement to avoid the need for future repairs. The cost of this work, excluding shipping, is \$104.95 USD. After the work is completed, this QBOT will be returned to the customer in Canada. LiTen Up Technologies, Inc. will charge the customer \$104.95 USD + shipping prior to return shipment.
4. We recommend insuring the QBOT for \$1800 USD (\$2000 Canadian Dollars).
5. If LiTen Up Technologies, Inc. should receive a bill for the charges, including brokerage fees, the customer will be responsible for those fees. This should not be an issue if the QBOT is shipped "Free Domicile" and includes the terminology above.

Again, thank you for choosing this upgrade.

Sincerely,
QBOT Team

found on back of QBOT

Signature:

- The QBOT Firmware Upgrade is \$104.95 (USD) plus return shipping. Customer is responsible for duty/customs, brokerage, taxes, or other associated fees.
- Do not send any accessories (SD card, cables, cords, etc.); send Ver. 1.31 QBOT brain only.
- Return shipment of QBOT will be in alternate packaging; we regret we cannot return the inbound packaging/box.
- Return shipment will be made via UPS; therefore we cannot accept a PO Box address.
- After the upgrade is complete, an invoice will be emailed to the address provided above. Upon receipt of funds, the QBOT will be shipped. Failure to provide all required information will result in a delay.

Submission of this form serves as acknowledgement of above terms.
